Mr. Greg Klotz

Co-op Education Faculty Advisor

University of Guelph

50 Stone Road East

Guelph, Ontario N1G 2W1

Dear Mr. Klotz,

This fall is my second year of studying computer science which is the second coop work-term I have completed. So, I wrote a report called “UI vs. UX Design” to demonstrate both aptitude and technical skills I improved from this experience, and to thank all my colleagues and my supervisor, Kate, for their advice.

Kate Hoad-Reddick is an Experiential Learning Partnership Developer in University of Guelph – College of Arts. She is the organizer of every meeting, monitoring my process and giving her valuable advice.

The overall evaluation of the work term is very good, and I learned how to design UI with HTML and CSS, and UX with Universal Principle Design and Agile Method.

This report has been prepared and written entirely by me and has not received any previous academic credit at this or any other institution.
